

Commercial Façade Matching Grant

Eligibility Requirements

Eligibility requirements for projects include but are not limited to the following:

- All work must be done on a street-facing side of an existing building.
- All work must be done on the exterior of the building and result in a publicly visible improvement. Work on the rear, sides or roof of the building is not eligible for a facade grant. Funding is limited, therefore only street facing facades are eligible.
- Facade Grant funds cannot be used to restore property damaged by collision, acts of nature or occurrences that are covered by insurance.
- Only work begun *after* approval by the FDC board will be eligible for a grant.
- All work must comply with the Architectural Design Guidelines as adopted by the Franklin Development Corporation.
- The project cost must exceed \$1,000 to be considered for a facade grant.
- The property must be used primarily for commercial purposes. Mixed use properties may be considered.
- Routine maintenance such as painting, masonry, fencing, and lighting has to be part of a larger renovation project.
- The property must be located within or immediately adjacent to the eligible area, as defined by the FDC board.

Properties Not Eligible

The following types of properties are not eligible for the Façade Grant Program:

- Tax-delinquent properties
- Property whose owner has any other tax-delinquent property
- Property in litigation
- Properties not located within the Integrated Economic Development Area
- Property whose intended use does not comply with the City of Franklin's zoning ordinances
- Properties known to have environmentally contaminated soil
- Properties whose owner has ANY unresolved municipal code violations within the City of Franklin

Please Note: The FDC Board reserves the right to fund all or part of an application.

Application Review

Staff will determine if the application package that is submitted is sufficiently complete to review, and will forward the application to the Design Review Committee.

The Design Review Committee will meet with the applicant on-site to discuss the specifics of the project.

The application package will be reviewed by the Design Review Committee to determine whether the project meets the architectural guidelines. It will then be forwarded to the FDC Grant and Loan Committee for review. The FDC Grant and Loan Committee will review the application and forward it to the full FDC board with a recommendation for approval or denial. The FDC board will consider the following factors and may give priority to projects that meet the following criteria:

- Is the project in historic district or is it in an individually eligible historic building?
- Will the project positively contribute to the city's assisted redevelopment efforts?
- Will the project ameliorate a blighting influence?
- Will the grant result in an improvement that would not be made otherwise?
- Does the project comply with the Franklin Development Corporation's Architectural Design Guidelines?
- Will the grant result in a higher quality projects than would otherwise be financially possible?

Required Materials for Application

Application packages must include enough documentation to illustrate the visual impact of the project and its costs. ***Failure to provide required documentation will delay the review process.*** The items submitted should include:

- A completed application form
- Written permission from the property owner to conduct facade improvements
- Color photographs of existing conditions
- Samples of materials and colors to be used
- Any other documentation necessary to illustrate the visual impact of the proposed project completion schedule
- Detailed proposal from contractor showing the work to be done, the costs, and the project completion schedule. Any contractor from the Approved Contractor List may be used.
- Owners who can demonstrate ability may perform work on their own building; however, they will not be reimbursed for time while acting as contractor and/or installing material. *Material costs and labor of employees are reimbursable; however, documentation must be produced for the number of hours worked on the project by the employees, the rate of pay and the employees' social security numbers, etc.*

Grant Disbursement

A grant shall be limited to no more than 50% of the total cost of eligible improvements, **not to exceed \$25,000 per 19 linear feet of street facing façade, up to a maximum of \$50,000**. Properties that are on a corner qualify for two street facing facades, or a maximum of \$50,000. Any projects totaling less than \$1,000 are not eligible.

The FDC Grant and Loan Committee reserves the right to refuse reimbursements in whole or in part for work that:

- Does not conform to the architectural design guidelines
- Does not conform to the proposals submitted with your application and authorized by the Facade Grant Committee
- Are not commensurate with the workmanship and cost customary to the industry
- Are not completed within nine (9) months. Since the Facade Grant Committee cannot reserve funds indefinitely, your grant may be subject to cancellation if not completed by the completion date. *Requests for extensions will be considered only if made in writing and significant progress towards completion has been demonstrated.*
- FDC staff will inspect work to ensure that it complies with the approved plans. *Any changes to the approved plan will require a written request from the applicant and approval by the Design Review Committee in order to retain facade grant eligibility.*

Required Materials for Disbursement

Grant disbursements will be made periodically as the project is completed. An initial disbursement can be made immediately upon approval of the application for the purpose of purchasing the initial materials for the project. This disbursement must be accompanied by an invoice and/or purchase order for materials. Draw disbursements should be grouped as much as possible. The applicant can pay invoices and be reimbursed by the FDC, or the FDC can pay contractors directly.

- Copies of all paid invoices and checks must be submitted for each draw request. The invoices must be marked paid, signed, and dated by the contractor in order for the applicant to be reimbursed.
- The applicant will also submit photos with each draw request
